Education

VIT Bhopal University

Sep 2021 – Onwards

Bachelor of Technology in Computer Science and Engineering (Cloud Computing and Automation)

CGPA: 9.18/10

Relevant Coursework

- Fundamentals of OOP
- Database Management
- Cloud Computing
- Data Structures

Technical Skills

Languages: Java, HTML, CSS, SQL (MySQL)

Developer Tools: VS Code, GitHub, Postman

Projects

JusticeWay | MERN, Cloudinary

Jun 2024 – Aug 2024

- Developed a web app to help users address traffic violations by providing clear information about fines and an easy-to-use reporting system, making the process more transparent.
- Added features for users to upload documents and manage their profiles easily, making the platform more user-friendly and convenient.
- Utilized MongoDB, Express, React, Node.js, and Cloudinary to build a scalable and efficient platform, ensuring a smooth and interactive user interface.
- Served as a Front-end Developer, responsible for designing and developing the user interface, building an intuitive dashboard, and implementing secure user authentication.

DivyaPoojaSeva | MERN, Cloudinary

Jan 2024 – Mar 2024

- Simplified the booking process for Pooja specialists with options based on user preferences like budget, and location, enhancing user convenience.
- Contributed to creating informative blogs about Pooja rituals and mantras, along with adding helpful features like FAQs to provide better support and guidance for users.
- Used technologies like MongoDB, Express, React, Node.js, and Cloudinary to ensure a smooth and efficient user experience.
- Worked as a Front-end Developer in a 4-member team, focusing on enhancing the design and usability of the interface to ensure a enjoyable user experience.

Experience

Ethnus

Aug 2023 – Nov 2023

MERN Stack Intern

Remote

- Worked as a frontend developer in a full-stack project, concentrating on building responsive, user-friendly, and visually appealing web interfaces using React to improve user experience and overall interface functionality.
- Contributed to the development of full-stack web applications as part of a 5-member team, where I focused on frontend development.
- Designed and implemented the user interface of a Learning Management System (LMS), leveraging React to build responsive, scalable, and efficient web applications that provide a smooth learning experience for users.

Certifications

- HTML, CSS, and JavaScript for Web Developers, Coursera, 2023

Awards & Achievements

- Awarded with 100% scholarship to pursue B.Tech under STARS SCHEME.
- Selected as one of the Top 25 Fastest Coders for exceptional speed and accuracy in HackOn with Amazon, Season 4, 2024.
- Received the INSPIRE Award for performance in the top 1% in 12th board (Jul'21) by the Government of India.
- Awarded with DHARAM Hinduja MERIT-cum-MEANS Scholarship.

Extracurricular Activities

- Practiced coding on platforms like LeetCode and GeeksforGeeks, regularly solving problems and improving my skills in algorithms and problem-solving.
- Contributing member of the Music and E-Green Club.
